### **Peggy's Cove Tour from Wolfville with Lobster Lunch**

Meet your kilted Ambassatours Gray Line driver and guide in Wolfville today. Travel across the province to the picture-perfect scenery of the South Shore. You will arrive approximately 90 minutes later at Peggy's Cove, which has been an artists' and explorers' paradise for well over 150 years. This village is located right on the rugged Atlantic shoreline, standing on solid rock above the crashing surf. The coastline is famous for pirates, shipwrecks, rumrunning and sunsets. Your guide will take you on a walking tour of the moody cove and village, featuring the weatherworn fishing shacks (complete with colourful buoys and lobster traps) still used by local fishermen, and awe-inspiring rock formations that have been carved out by the glaciers of the last Ice Age. You will also view the famous sculpture created by local resident William deGarthe – a beautiful granite carving which depicts the life and people of the area. Afterwards you'll enjoy time to explore on your own. Your tour also includes a Lobster Lunch – soup, roll & butter, 1lb lobster with choice of potato, homemade gingerbread or apple crisp desert served warm with real whipped cream, soft vanilla ice cream or lemon sauce and a non alcoholic beverage. Continue travelling along the shores of St. Margaret's Bay to Acadian Maple where you learn all about the making of maple syrup – you will also have an opportunity to purchase maple products while you are there. Return to Wolfville where you will say farewell to your driver and guide.
